TruTool 165

The TruTool TPC 165 panel cutter from TRUMPF is the ideal solution for the separation of sandwich panels. It is perfectly suited for roofers, façade, hall and container constructors, as well as for cooling, heating, and sound insulation specialists

Benefits at a glance

- The panel cutter cuts sandwich panels up to 6.5 in. thick in a single operation
- You can start at any point on the panel without a start hole
- You can quickly and easily create perpendicular cuts with the blade which can be set to 90°
- Fatigue is minimized and the machine is simple to operate
